

MAXIFY GX6040

SMALL DECISIONS, MAXIMUM IMPACT

Ideal for businesses needing high volume, speedy and cost-effective daily colour printing from a compact, feature-packed 3-in-1 with 350-sheet paper capacity, 50-Sheet ADF (auto document feeder), and a low Total Cost of Ownership.

- **Low costs that stay low**

Keep business printing costs down with huge yields of 14,000¹ pages from a set of colour ink bottles or 6,000¹ pages from a black ink bottle. Switch to Economy mode and print up to 1.5 times more pages for even greater savings³

- **Durable documents – on the double**

Harness 4 pigment-based inks to print stand-out business documents with marker and friction resistance. Enjoy pin-sharp print detail at headline-beating speeds of 24 ipm in black and 15.5 ipm in colour – and get a first print out as quickly as 7 seconds.² With dedicated business functions – such as scanning to a USB, email or network folder, or assigning permissions to printer users – managing your printer and document workflow is effortless

- **Compact yet highly capable**

Make light work of busy schedules with a 50-sheet document feeder, 6.9cm colour touch screen, plus a paper supply of 350 sheets (250 sheet cassette and 100 sheet rear feed) that handles diverse media such as glossy, semi-gloss, magnetic sheets and envelopes, and even allows you to print banners up to 1.2m in length

- **Maximise efficiency**

Take a responsible approach with energy efficient inkjet printing and high yield ink bottles that allow you to print more pages thereby reducing waste. Plus a user-replaceable maintenance cartridge keeps downtime to a minimum, so you're never without your printer when you need it most

- **Get connected**

Print, scan, copy, and connect to the cloud via the Canon PRINT app and PIXMA Cloud Link, and enjoy device compatibility via AirPrint (iOS) and Mopria (Android). Harness Ethernet connectivity for added security and stability in network environments. And with 2.4GHz and 5GHz dual-band Wi-Fi support, be confident you'll always remain connected

¹ Page yield of ink bottle used for initial setup is lower than a replacement as a certain amount of ink is used to fill the print head during setup. Page yield is the estimated value based on Canon's individual test method using the ISO/IEC 24712 colour chart and continuous printing simulation with the replacement ink bottles after initial setup. Black and colour page yields are not to be combined. Page yield varies significantly depending on contents printed and other factors.

Typical Electricity Consumption

Live for the story_

² Document print speeds are the averages of ESAT (Word, Excel, PDF) in Office Category Test for the default simplex mode, ISO/IEC 24734.

Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

³ The economy mode reduces the ink consumption by lowering the density, 50% more pages than the standard mode can be printed
